To Whom It May Concern:

It gives us great pleasure to recognize an organization so well established and developed that we can write a testimony on behalf of *On View Security Services, Inc.*

We continue to use *On View Security Services* for their exceptional expertise and talent for our security needs i.e. services of a patrol officer for my properties, fire watch because our fire alarm system is down or we need a stationary guard to protect the grounds of our private communities. *On View Security Services* has consistently been available 24/7 whenever we have called them albeit emergency or a regularly scheduled event. They have an exceptional response time to all of our needs and requests. This is just one of the many great things about working with this company.

*On View Security Services* has demonstrated compassion and courteousness when working not only with us, but as well as some of our Board of Directors, even when under pressure and on a tight schedule. Plus they consistently have a strategic plan of action when it comes to protecting our properties.

*On View Security Services* has always looked out for the best interest in our company and needs. Tri-State Enterprises Inc. would recommend *On View Security Services* to anyone serious about having their property fully monitored and protected as their customer service is at the top of the line.

Sincerely,

*Zayra Yves*
